Roneta Solidifies Financial Services Leadership

CALGARY – Roneta Professional Search, a Calgary based Recruitment Company, is excited to announce their #1 position in the dynamic Financial Services/Banking recruitment market place in Western Canada.

“With unprecedented economic and population growth in Calgary, together with increasingly challenging demographics, Roneta is serving clients from the Big banks and Credit Unions to Investment Finance organizations, including multinationals establishing new operations here” stated Brenda Andrew, Partner and Practice Leader at Roneta. Brenda brings years of financial services management experience, including firsthand knowledge of many of the roles for which she recruits.

Financial Services is often forgotten, but is a huge employment sector in Calgary, second to only the Oil & Gas industry. For example they are the city’s biggest advertisers and sponsors of events such as the Calgary Stampede, the Flames and Spruce Meadows.

This industry is rapidly expanding with the addition of new bank branches, corporate offices and new positions, and they recognize the value of Roneta’s services in assisting them recruit the right people to implement that growth.

Roneta is the only recruitment firm based in Calgary offering full service professional through executive search, on a permanent or contract basis. Being based in Calgary is something Andrew thinks is a big advantage “Calgary is very unique marketplace and Roneta can marshal its entire resources to service both the region’s hiring parties, and candidates”.

Roneta was formed in 2005 and has already established itself as a leader in the Accounting & Finance fields. In addition to Financial Services, its third specialty area is Legal.
